

Hill series

Designed by kaschkasch, Germany

The Hill dining table comes from the minds of the Cologne-based designers kaschkasch. The handmade details are evident everywhere you look, from the rounded legs to the smooth contours of the table top and its visible joints. Hill is a sleek, aesthetic and solid table with flexible functionality, including extension leafs so that you can invite even more guests to join you at the table.

Meet the designer

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.
