

## Campa series

Designed by Spant Studio, Denmark

---

The Danish architecture studio, Spant, is behind Campa. A series of lamps with a distinctive, elegantly shaped shade in fluted opal glass and with refined details in wood. The idea behind the design was to create simple lighting without too many components, that would still be eye-catching. The light source and shape have been carefully designed to do just that. The shade contour creates a downward light and the translucent opal glass emits a beautifully diffuse light.

### Meet the designer

In einer zunehmend komplizierten Welt sind wir bestrebt, einfache und bedeutungsvolle Zufluchtsorte, Rückzugsorte und Designstücke mit einem einzigartigen Erlebnis für den anspruchsvollen Kunden zu schaffen. Die uns umgebenden Räume haben großen Einfluss auf die Lebensqualität. Daher dreht sich unser berufliche Alltag darum, zum skandinavischen Erbe des architektonischen Designs beizutragen – der Kunst, ganzheitliche und immersive Erlebnisse zu gestalten. Wir glauben wirklich, dass schlichte und attraktive Ästhetik das Lebensgefühl verstärken und ein gewisses Maß an geistiger Gesundheit in unser Leben bringen kann. Unser Wunsch ist es, Objekte zu entwerfen, die das Potenzial haben, dieses Ziel zu erreichen. Wir entwerfen Objekte, wenn sich uns eine bestimmte Möglichkeit eröffnet, mit etwas Schönerem und Sinnvollerem beizutragen. Wir führen keinen Feldzug, sondern möchten Einladungen aussprechen.
