

## Palo series

Designed by neisako,

---

Timeless design meets solid wood craftsmanship. That's the story behind the Palo dining table series made from solid, FSC™-certified oak with refined details. Available in both fixed and extension styles, the tabletop showcases elegantly arranged planks that harmonise beautifully with a range of interiors. The soft, continuous curves of the legs and edges add a touch of refinement, while the durable construction ensures longevity. Perfect for any dining experience, whether it's a small, relaxed gathering with friends or a larger family dinner.

### Meet the designer

Driven by a passion for innovation and creativity, Neisako's designs challenge established norms and inspire new ways of thinking. Founded by Neven and Sanja Kovacic, the small design studio is defined by its commitment to embracing a broader context, often leading to unexpected yet original design outcomes. Motivated by the exploration of creation through geometric language, they draw inspiration from collaborating with like-minded individuals who remain captivated by the endless possibilities of the creative process. With over two decades of experience, Neisako has worked across various design fields, collaborating with industries such as architecture, furniture design, engineering, and software development.
